Mar 20 ☆

to Dominic, me, William ▾

I have reviewed the procedures and informed consent instrument for the proposal, "The effects of induced affect via video on word recall," by Dominic Tzimisces and Michaela Herschler. I agree that the project poses no more than minimal risk to participants. The proposal is approved March 20, 2015 via expedited review.

Good luck on your research, and please notify me if there are significant changes in your procedures.
